The 27-Ingredient Chili Con Carne Murders - Nancy Pickard - 2011-10-05
Some like it hot "Delightful . . . Ms. Pickard has given the protagonist a new lease on life!"—The New York Times
When Eugenia Potter receives an urgent phone call from the manager of her ranch near Tucson, she’s only too happy to drop everything and fly home. Something inside of her is calling her back to the desert. Why else would be preparing spicy Mexican meatball soup at her cottage in Maine when the menu clearly calls for clam chowder? But once she arrives home, Mrs. Potter discovers that her ranch manager and his granddaughter are missing from her ranch, Las Palomas, and feared dead. When a guest at a dinner gathering thrown by Mrs. Potter is food poisoned—apparently from eating her famous 27-ingredient chili—she knows she must act quickly before the murderer strikes again. And it doesn’t hurt to have the help of a long-lost beau to spice up the danger with romance . . .

Meaningful Work - Shawn Askinosie - 2017-11-14
The founder and CEO of Askinosie Chocolate, an award-winning craft chocolate factory, shows readers how he discovered the secret to purposeful work and business – and how we can too, no matter what work we do. Askinosie Chocolate is a small-batch, award winning chocolate company widely considered to be a vanguard in the industry. Known for sourcing 100% of his cocoa beans directly from farmers across the globe, Shawn Askinosie has pioneered direct trade and profit sharing in the craft chocolate industry with farmers in Tanzania, Ecuador, and the Philippines. In addition to developing relationships with smallholder farmers, the company also partners with schools in their origin communities to provide lunch to 1,600 children every day with no outside donations. Twenty-five years ago, Shawn Askinosie was a successful criminal defense lawyer trying his first murder death penalty case that would later go on to become a Dateline special. For many years he found law satisfying, but after several high profile trials he reached a breaking point and found solace in the search for a new career. In this inspiring guide to discovering a vocation that feeds your heart and soul, Askinosie describes his quest to discover more meaningful work – a search that led him to volunteering in the palliative care wing of a hospital, to a Trappist monastery where he became inspired by the monks focus on “being” rather than “doing,” and eventually traipsing through jungles across the globe in search of excellent cocoa bean farmers to make award winning chocolate. Askinosie shares his hard-won insights into doing work that reflects one’s values and purpose in life. He shares with readers visioning tools that can be used in any industry or field to create a work life that is inspired and fulfilling. Askinosie shows us that everyone has the capacity to find meaning in their work and be a positive force for good in the world.

King Charles - Robert Jobson - 2019-11-12
A revealing biography of Britain’s future king by a New York Times–bestselling author the Wall Street Journal hails “the Godfather of royal reporting.” With exclusive interviews and extensive research, King Charles delivers insight into the life of His Royal Highness, the Prince of Wales, as he nears the throne at a watershed moment in modern history and in the British monarchy. Author Robert Jobson debunks the myths about the man who will be king, going beyond bogus media caricatures of Charles to tell his true story. Jobson—who has spent nearly thirty years chronicling the House of Windsor, and has met Prince Charles on countless occasions—received unprecedented cooperation from Clarence House, the Prince’s office, in writing this biography. King Charles divulges the full range of the Prince’s political beliefs: the United Kingdom’s special relationship to the United States, climate change, Brexit, and immigration—to ultimately portray the kind of monarch Charles III will be. Jobson taps a number of sources close to the Prince who have never spoken on the record before, plus members of the Royal Household who have served the Prince during his decades of public life. This comprehensive profile also reveals the plans for Charles to serve as Prince Regent once the Queen turns ninety-five; how at her insistence he already reads all government briefings; and why he feels it is his constitutional duty to relay his thoughts to ministers in his controversial “black spider memos.” Moreover, King Charles reveals the truth about the Prince’s relationship with his second wife and chief supporter, Camilla. The result is an intriguing portrait of a man on the cusp of kingship.

Economics, Entrepreneurship and Utopia - Estrella Trincado - 2017-07-20
In the early 1800s, Robert Owen was a mill owner, political figure, and an advocate for social reform, and his publications attained considerable circulation. He believed that people need good working conditions in order to be encouraged to work and motivated to learn. Despite the higher costs associated with this kind of operation, compared to the traditional ones, Owen’s management resulted in increased productivity and profit. His results caught the attention of men of wealth who were interested in social reform. In particular, at a similar time, Jeremy Bentham was developing his own theories. Owen and Bentham seemed to be based on some similar ideas that the greatest happiness creates the greatest results. Their ideas developed against the backdrop of the Industrial Revolution, and growing social and economic problems in England. Owen and Bentham were forerunners of highly relevant current theories of economics – marginalism, entrepreneurship, personnel management, and constructivism. They were acquainted with such important authors as James Mill, Malthus, Ricardo and John Stuart Mill. However, their economic theories were ruled out by classical economists, who actively tried to silence perspectives different from the orthodoxy. This book presents an innovative study of these two social thinkers and reformers, who have rarely, if ever, been studied together. This comparative study provides new context both on the social debate taking place during the Industrial Revolution, and on the development of modern social thought, in particular, the relationship between socialism and utilitarianism. Economics, Entrepreneurship and Utopia will be of great relevance to scholars with an interest in the history of economic ideas, the history of entrepreneurship, and social reform in both historical and contemporary contexts.

Yamaha - Axel Koenigsbeck - 2004
Yamaha ist neben Honda der erfolgreichste Motorradhersteller der Welt. Allein in Deutschland rollen mehr als eine halbe Million Fahrzeuge mit dem Emblem der gekreuzten Stimmgabeln, das auf die Anfangszeit der Firma im 19. Jahrhundert als Klavierhersteller zurückgeht. Das vorliegende Buch beschreibt die spannende Geschichte der Yamaha-Motorräder, -Roller und -Leichtkrafträder von 1955 bis heute. Es präsentiert alle wichtigen Modelle, interessante Spezialitäten, Studien und Prototypen. Fans der Marke finden die berühmten luftgekühlten Zweitakter bis 1980 ebenso wie die modernen mit Flüssigkühlung; alle Chopper und Cruiser, die legendären Straßenviertakter sowie die aktuellen YZF-Straßensportmodelle. Auch die Enduros werden vorgestellt, ebenso Big-Bikes aller Epochen, aber auch viele Mopeds, Leichtkrafträder und Roller. Spezielle Kapitel behandeln die Entwicklung der Cross- und Trial-Modelle und Yamahas ruhmreiche Grand-Prix-Geschichte. Zusätzlich bietet dieses Standardwerk die technischen Daten aller wichtigen Yamaha-Serienmodelle und eine Auflistung der Rennsporterfolge.

Dont Spend Money For Generating Leads - Subramanian Chandramouli - 2021-04-29
This book talks about 14 different ways to generate leads without spending any money. In my 10 years as an Entrepreneur, I have used all these 14 ways to generate leads for myself. I believe it will be useful for you as well. All these 14 principles will be directly useful for Entrepreneurs and Sales executives who are in B2B (Business to Business) segment. For people who are in B2C (Business to Consumer) segment, some of the 14 ways will be directly applicable and other lead generations ways may be useful for bulk deals. You don’t need to follow all 14 ways to generate leads, you can choose ways which are aligning to your natural strengths and if you focus on that and follow it day in and day out, it will bring big difference to your business.

Pasture Management Guide for the Ozarks - - 1993

The Yamaha Xs650 Engine - Hans Joachim Pahl - 2017-04-16

This book provides a very detailed description of the function of the Yamaha XS 650 engine, which is based on more than 400 color photos. With the help of this book anyone who has the necessary equipment and basic knowledge should be able to perform maintenance and repair-work. Problems in the electrical system are actually easy to fix. If you don't want to do it by trial and error, this book helps you to understand the electric system of the XS 650. On 35 pages with 38 color photos and graphics you will find an extensive description of the function and how to test all components of the power supply. In addition, a highly simplified wiring harness, which contains all the necessary functions, is described. New spare parts are rarely available. So a whole chapter with 34 color photos is dedicated to the description of typical damages. It will help you to recognize the beginning of wear and to decide wether a part should be replaced or not.

Tell Me What You Remember: Family Life - Sarah Ridley - 2017-03-28

Everyone has memories of their early family life. This book gives young children access to people's memories alongside photographs to help them build up a picture of the past. From wartime families to holidays and family celebrations, young

children can explore what has changed and what remains the same. The book is part of the 'Tell me what you remember' series, which explores changes in living memory through photographs and memories. It is a perfect teaching tool for KS1 or for children up to age 7.

Mini Down Under - Donn Anderson - 2009-03-02

Mini Down Under traces the history of one of New Zealand's - and the world's - best-loved cars. More versions of the Mini were available in New Zealand than anywhere else, and the launching of the iconic car in February 1960 was a larger-than-life event. In this lively and personal story, the author tracks the Mini's life in New Zealand, the connection between Kiwi racing driver Bruce McLaren and the birth of the Mini Cooper, the heady days of competition success in the Antipodes, the local assembly and marketing of the classic original car and the eventual development into the latest generation Mini for a new century.

My Forte' - Ray Forte - 2018-08-02

Coming up in the hood where Shawty Fresh is from, a bad decision might not be the wrong choice. But when you run off on the plug, it's no telling who will turn on you for the love of money. Ray "Shawty Fresh" Forte takes you on a journey of four friends who decided to rob the plug and things go all wrong, the question is, will friends turn on friends to get a bag? It's crazy how one decision can change your entire life in a blink of an eye. Watch how greed, envy, lust, music, fame and violence play a significant role in each one of their lives. Partially based on a true story. My Forte will put you in the mindset of Boyz In The Hood, Menace II Society and New Jack City.
